Hey Rafa,

I had to put in an order for Arka and manually charge their CC because the item they initially were purchasing showed out of stock on Shopify. Here is the auth form I had them fill out for our records.

Hi Teddy,

No worries at all. We'll go ahead and make the change. Please ignore any invoices that automatically get sent to you. I am working on any price adjustments and will make the charges and send you the paid invoice from my end. The price for a case of the 12.9x8.5 inch will be \$120.50 plus \$36.55 for shipping versus \$99.95 + \$34.75 for the smaller mailers. I will only charge your card for the remainder.
